Thanks! I think we should still take some time to talk about level of investment as I think we are all treading water... This week if you have time, but if not, can wait until December sometime.

FYI,  
CWA WTR activities that we are working for now through March or so .. non responsive  
[REDACTED] If you want to talk about this next week or in December about how the heck we are going to do this, let's schedule something. Asked my guys to flush out a list for each of the regulatory offices for the rest of the FY.

Tomas,  
Wanted to share with you and others what were a few of the top priorities for the CWA regulatory program perspective that we shared with Alexis. This is part of the branch's on-going discussion on **Non-responsive**  
[REDACTED]  
[REDACTED]  
[REDACTED] In the meantime these are some of our stuff that we must get done:

1. **Non-responsive**
2. **Non-responsive**
3. Cargill Jurisdictional Determination **B5 Deliberative**  
(JBrush/Rob L and others)(**Moffatt/Campbell**)  
- Will need OW, OGC support and internal approval at all levels
4. **Non-responsive**

5. Non-responsive [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

This is not part of the overall strategic plan, or Water strategic plan but rather mandatory core regulatory work. More to come but Dave, Janet, Jason and I will review in greater detail for the entire FY.

Thanks,

nw
